Size: 5" (12.7 cm) diameter

6" (15.24 cm) tall 24% Lead

Engraving area: 1 1/2" (3.8 cm)

To create crystal, lead oxide is added to molten glass which lends crystal a much higher index of refraction than normal glass.

Do not store alcoholic beverages, citrus juices, or baby formula in crystal. Such liquids may leach lead and pose a health risk.
